

Below you'll find a list of my online writings on various subjects (mostly on programming related stuff)

Test-Driving X11 GUIs

- * **Short Description:** This article aims to serve as an introductory text about GUI testing on Unices running X11 servers. It also underlines the limitations in comparison with its W32 counterpart
- * **Publisher:** O'Reilly Network, Perl.com
- * **Publication Date:** February 02, 2006
- * **Publisher Link**

Automated GUI Testing

- * **Short Description:** This article aims to serve as an introductory text about GUI testing on W32 platforms
- * **Publisher:** O'Reilly Network, Perl.com
- * **Publication Date:** August 11, 2005
- * **Publisher Link**

Vizibilitatea variabilelor (eng. Variable Scoping)

- * **Short Description:** This is a Romanian translation of an English tutorial published on Perl Monks which can be found [here](#)
- * **Publisher:** Perl România
- * **Publication Date:** Feb 26, 2005
- * **Publisher Link**
